

● CHANNEL VISION™

2 Year Limited Warranty

Channel Vision Technology will repair or replace any defect in material or workmanship which occurs during normal use of this product with new or rebuilt parts, free of charge in the USA, for two years from the date of original purchase. This is a no hassle warranty with no mail in warranty card needed. This warranty does not cover damages in shipment, failures caused by other products not supplied by Channel Vision Technology, or failures due to accident, misuse, abuse, or alteration of the equipment. This warranty is extended only to the original purchaser, and a purchase receipt, invoice, or other proof of original purchase date will be required before warranty repairs are provided.

Mail in service can be obtained during the warranty period by calling (800) 840-0288 toll free. A Return Authorization number must be obtained in advance and can be marked on the outside of the shipping carton.

This warranty gives you specific legal rights and you may have other rights (which vary from state to state). If a problem with this product develops during or after the warranty period, please contact Channel Vision Technology, your dealer or any factory-authorized service center.

VDA-12

Audio/Video Distribution Amplifier

● CHANNEL VISION™
©2008 CHANNEL VISION TECHNOLOGY

Description:

Channel Vision's VDA-12 is an audio and base-band video distribution amplifier. It can expand the RCA output socket of your AV equipment by incorporating an audio input and a video input, which are distributed to twelve audio/video outputs. A built-in clamp circuit was designed to eliminate up & down roll pictures. The VDA-12 offers optimal picture quality with the audio/video cascade outputs that feature automatic video impedance. Overall, the VDA-12 is especially useful for connecting audio/video components to RF modulators or multiple zones.

Specifications:

	<u>Audio:</u>	<u>Video:</u>
Input Impedance	20K ohm	1K ohms
Output Impedance	600ohms	75 ohms
Gain	11dB	6dB
Clamp Capability		60dB
Frequency Response	20Hz to 20XHz	20Hz to 8MHz
Max. Input	5Vp-p	4Vp-p
Max. Output	4.5Vp-p(4/7x Load)	1.8Vp-p(75ohms load)
Power Requirement	AC 110V/60Hz	
Power Consumption	5W (Max.)	

Features:

- ◆ Gold plated RCA connectors
- ◆ 17" component, space saving – inline power adapter
- ◆ Black brushed aluminum
- ◆ Low distortion
- ◆ 1 – Set AV input, 12 – Set AV output
- ◆ Dimensions: 3-1/8" x 17-1/8" x 9-1/2" (H) x (W) x (D)
