

# CHANNEL VISION™

## 5040 Stand-alone IR Illuminator

Channel Vision's **5040** is a Stand-alone IR Illuminator that can be used to add night vision capabilities to color or black & white CCTV cameras. The unique power adapter cable allows the Illuminator to be easily added to an existing camera installation without the need for new wires. The 5040 provides a simple, affordable way to add value to an existing camera installation.

# 5040

### *Features:*

- Provides night viewing capabilities for color or black & white CCTV cameras
- Waterproof and suitable for outdoor use
- Built-in light sensor activates illuminator for night viewing and turns off during daytime to preserve LEDs
- View images 33 feet away in total darkness
- Easy-to-install
