5102/6002 FMC-II

The 5102-FMC is a high performance, versatile flush mount camera capable of being housed in any standard size double gang box. The 6002-FMC is a digital color camera and bracket capable of being housed in a deep (2½") double gang box. The 5102-FMC features a high performance board camera with a 1/3" format image device, 380 lines of resolution, 3.8mm wide angle lens and 0.1 lux low light performance with a clear cover. Installation is easy, simply rough in a double gang box, run a two conductor for 12VDC and 1 coax for RG59U for the video. Adjust the camera to the desired position with the 40° adjustable bracket, and screw on the face plate. It's that easy.

Features:

- Easy to Install
- Weather Resistant
- Flush or Surface Mount
- 380 Lines of Resolution
- 40° Adjustable Camera Mount
- 0.1 Lux for Low Light Performance
- Available in Tinted or Clear Face Plates
- Works with any Standard Double Gang Box
