

CHANNEL VISION *Central*

C-0128D, C-0138D, & C-0150D Designer Doors

Channel Vision's C-0128D, C-0138D, and C-0150D are elegantly styled hinged doors for Channel Vision's 28", 38", and 50" structured wire enclosures. While these doors do provide a more polished finish for the installation, they also have many functional advantages. They can be mounted for a left-hand or right-hand swing out for maximum versatility, they provide more space inside the enclosure, and they enable increased airflow with the use of top and bottom vent holes or an optional fan kit (model C-1322).

C-0128D

Use with C-0128E enclosure

C-0138D

Use with C-0138E enclosure

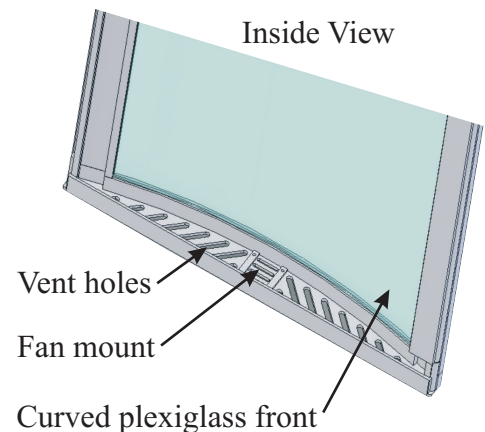

C-0150D

Use with C-0150E enclosure
