

CHANNEL VISION *Central*

C-0213 Coax Termination Module

Channel Vision's C-0213 is a simple buy necessary product that provides a termination point for coax runs within the home allowing those runs to be easily connected to external services such as satellite, antenna, or CATV. The vertical orientation of the integrated F-connectors eliminates the need for tight cable bends and their 2GHz rated performance ensures pass through for even the most demanding signals.

C-0213

Features:

- Vertical F-connectors for easy connection
- 2GHz rated for high bandwidth pass through
- DC passing
- Compatible with Antenna, CATV, & Satellite
- Quick and easy installation

Specifications: (typical)

Frequency range: 0Hz - 2GHz (minimum)

Connectors: 8 F-connectors (female)

Dimensions: 1.75"H x 6.38" W x 1.75" D

Specifications subject to change without notice.
