

CHANNEL VISION™ *Central*

◆ Structured Wiring Solutions ◆

Telephone Distribution

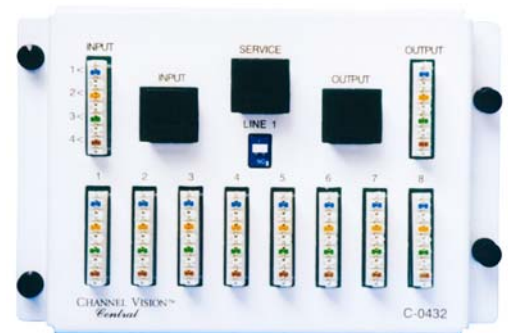

Many families today have the need for several members to talk on the phone, send faxes, or use the modem – all at the same time. Channel Vision Central communication products are designed to accommodate all phone systems, from single lines to complex KSU distribution matrices. All our telephone components easily snap-in to our sturdy structured wiring enclosures.

Features:

C-0432

110 Telecom Distribution Module
