

CHANNEL VISION *Central*

C-0436 Phone Distribution Module

Channel Vision's C-0436 is a telephone module that distributes 4 Central Office lines to 8 locations. Vertical RJ-45 jacks allow convenient access to connections. The C-0436 is ideal for installations which require telephone service at several locations, but have very little space inside the structured wiring enclosure for large telephone modules.

C-0436

Features:

- Quick and easy installation
- Outputs 4 CO lines to 8 locations
- Service port for line-1 interrupt and alarm panel connection
- Compact design
- CAT-5e compatible, TIA-568A and TIA-570 compliant
