C-1001 Speaker Distribution Module

Quality audio distributed throughout the home has become a high priority for many homeowners today. Users can enjoy mood music during a party with CHANNEL VISION Central whole-house audio distribution solutions. Our speaker distribution components allow the installer to efficiently distribute music to up to eight rooms in the house.

Features:

Speaker Distribution 1 pair in x 8 pair out

- Requires impedance matching transformers on the volume controls
- Single two-channel (L/R) audio input distributed to up to 8 rooms
- 4 position terminal blocks, UL rated 125V @ 6A, accepts 14 to 20awg wire
- 45 degree wire entry simplifies installation and holds wires securely
- Supports power levels to 200 watts requested upgrades for new homes.
