LCR527 In-Wall Left-Center-Right Speaker

Channel Vision's **LCR527** is an In-Wall Left-Center-Right Speaker designed for home theater systems. The compact arrangement of the dual 5.25" woofer and 0.75" pivoting tweeter provide great sound quality while allowing the LCR527 to fit in standard wall or ceiling framing. This means you can have great sounding speakers even in retrofit applications.
