

CHANNEL VISION *PRO*

P-0925 Paging Module

The P-0925 allows Channel Vision's C-0920 or TE110 to provide an audio output that may be connected to the paging input of a whole house amplifier. The new Channel Vision's *PRO* form factor allows the P-0925 to be mounted in a structured wiring enclosure, a 19" rack*, or screwed to any flat surface. The P-0925 integrates seamlessly with other Channel Vision Products such as the P-1014 to provide affordable whole-house paging.

P-0925

Typical Application

Features:

- Enables paging from a C-0920 or TE110
- Simple connections
- Quick and easy installation
